01 · ABOUT US

# Nature-powered wellness, manufactured in India

Vibama Healthcare is a nutraceutical and herbal products manufacturer and exporter based in Surat, Gujarat, India. We produce food supplements, Ayurvedic formulations, botanical extracts and essential oils, either as private label for importers, distributors and brand owners, or under our own brand.

Every product is manufactured in-house at our FSSAI-licensed facility, certified to GMP, WHO-GMP, ISO, HACCP and Halal standards. Each batch is released with a Certificate of Analysis, and every export order ships with the complete document file your regulator needs.

## Our Mission

To make high-quality nutraceutical, Ayurvedic and herbal products accessible to every market we serve, manufactured to international standards, documented for every regulator, and delivered on time, so our partners can build brands their customers trust.

## Our Vision

To be India's most trusted private-label partner for health supplements and herbal wellness, bringing the goodness of Ayurveda, backed by modern science, to families in every corner of the world.

## Our core values

**Quality First**
GMP discipline and a COA on every batch.

**Integrity**
Honest specifications and genuine documents.

**Partnership**
We grow when our clients' brands grow.

**Nature & Science**
Ayurvedic heritage meets modern research.

**Reliability**
Clear lead times and on-time shipments.

> “Rooted in India's Ayurvedic heritage, built on modern quality systems: wellness products your customers can trust.”

## Product categories

Multivitamins & Multiminerals · Vitamins & Minerals · Omega-3 & Speciality Oils · Antioxidants & Carotenoids · Joint & Bone · Protein & Sports Nutrition · Amino Acids · Probiotics, Fibre & Enzymes · Hair, Skin & Nails · Women & Prenatal · Kids' Nutrition · Men's Nutrition · Botanical Extracts · Ayurvedic Herbs · Superfoods & Greens · Essential Oils

Available as **vegetarian**, **Halal-certified** and **sugar-free** options (varies by product). Typical shelf life: 18–36 months.

04 · PRIVATE LABEL MANUFACTURING

# Your brand, built by us

Launch or extend your own supplement and herbal brand without investing in a factory. Choose from our 480+ standard formulas or send us your own; we handle formulation, production, packaging and export documents.

1. **Choose** — Pick from our catalogue or send your formula
2. **Approve** — Formula, pack and price confirmed
3. **Artwork** — Labels in your language, to your regulator's rules
4. **Produce** — In-house manufacturing, testing & packing
5. **Ship** — With full export & registration documents

## Standard formulas

480+ ready formulas across 16 dosage forms, with adjustable strength, flavour and pack size. Fastest route to market.

## Custom formulas

We check your formula against the importing country's limits, develop it, run a trial batch, and supply stability data where needed.

## Packaging options

Blisters, bottles, jars, pouches, sachets and tubes, with cartons and leaflets designed for your market.

Blister · HDPE/PET bottle · Jar · Pouch · Sachet · Tube

## Flexible orders

MOQ set per dosage form and pack. Trial orders are welcome for new brands and importers testing a market.

Trial orders · Repeat-order speed · You own your brand

## Tip for faster launches

Product registration in the importing country is usually the longest step, so we help you start the dossier while artwork is being finalised.

05 · QUALITY & CERTIFICATIONS

# Certified quality, documented in full

Our facility is FSSAI-licensed and certified to six recognised quality and food-safety standards, so your products clear registration and customs with confidence.

| FSSAI | GMP | WHO GMP | ISO | HACCP | HALAL |
|---|---|---|---|---|---|
| Licensed to manufacture & export | Good Manufacturing Practice | WHO-guideline GMP | Quality management system | Food safety system | For Middle East, Africa & Asia |

## The 10-document export file shipped with every order

- **D-01** Certificate of Analysis (per batch)
- **D-02** GMP & WHO-GMP certificates
- **D-03** FSSAI manufacturing licence
- **D-04** Free Sale Certificate
- **D-05** Certificate of Origin
- **D-06** Halal certificate
- **D-07** ISO & HACCP certificates
- **D-08** Product specifications & method of analysis
- **D-09** Stability data (incl. WHO Zone IVb)
- **D-10** Label & leaflet artwork

## Our quality promise

- Every product made in-house under GMP
- Every batch released with a COA
- Stability studies for hot & humid climates
- Artwork printed only after your approval

### Built for registration

Our document set is prepared to match what health and food authorities typically request for supplement and herbal product registration, saving you weeks of back-and-forth.

06 · GLOBAL REACH
